

GREAT LAKES INTERNATIONAL AIRSHOW

JUNE
16-17

2018

The Great Lakes International Airshow is FAST approaching!

The 2016 Great Lakes International Airshow was proud to have contributed over \$50,000 back into the community. Thanks to dedicated volunteers and business sponsorships this airshow has grown from a local event to a destination for aviation fans.

This aviation extravaganza has made its mark on the North American air show circuit, the last enjoying crowds of approximately 10,000 people with room to grow bigger each year.

As an exciting, action packed family oriented event drawing thousands of patrons from both Canada, the US and abroad, Great Lakes International Airshow 2018 provides local businesses and national brands a unique and vibrant high exposure venue with a variety of sponsorship levels to match any budget. From community exposure, employee and or customer appreciation or just a fantastic day away with the family or friends, our sponsorship and corporate hosting packages are varied and affordable.

As a 2018 sponsor, your company will be entitled to numerous exclusive benefits beyond traditional branding opportunities including **special admission to a private Friday evening reception for the pilots.**

In June of 2018, the skies above St. Thomas will once again be filled with the spectacle and thunder of some of the world's most fantastic aircraft. We invite you to partner with us for this unique and much anticipated premier event in aviation.

Sincerely,

Kathleen Keating
Sponsorship Director
